FINAL(LY): PHOTOSTICKIES 5.0

London (UK, European Union), 19th of May, 2004 -- DEVONtechnologies releases the final version 5.0 of its webcam and picture viewer PhotoStickies 5.0 final.

PhotoStickies 5.0 adds the possibility to ask a central server for new cams, to post new cams to the server and to save images in various file formats. PhotoStickies 5.0 is also integrated with DEVONnote, comes with an improved user interface, new filters and namable states as well as new preferences, user-defined filters and a "TV" command to display cams fullscreen. The final version also comes with a German localization.

PhotoStickies requires Mac OS X 10.2 or later and is immediately available as a free download from www.devon-technologies.com. PhotoStickies 5.0 must be registered for US\$ 12 to remove the shareware reminders.
